

WEEKLY ECONOMIC CALENDAR AHEAD

Here is what you need to know about the important news between **August 8th, 2022, and August 13th, 2022**, where we look at the economic data, market news and headlines likely to have the biggest impact on the market prices this week and beyond, as well as the US Dollar, and other key correlated assets.

U.S. dollar index

The US Dollar index traded close to 107 on Friday after the release of the Non-Farm Payrolls which showed positive data for the greenback. The focus for this week, is shifter to the inflation data which is expected to be out on Wednesday

Gold

The precious metal closed its 3 consecutive positive weeks, trying to recover from the yearly low at \$1680 that we saw in July. Inflation data on Wednesday is in focus this week, to see if the greenback will recover against the precious metal, or investors will turn once again to the “Safe heaven” metal.

Oil

Price of the “liquid gold”, closed the day higher on Friday after the release of the US Jobs data, with crude oil prices on \$90, and Brent crude to trade close to \$93. Wednesday will be the focus also on the precious liquid, with the release of the inflation data along with the Crude Oil inventories release.

Stocks

European, along with the US stocks this week, turn their focus on the Inflation data for the US which is expected to be released on Wednesday at 12:30 GMT. Another important report will come from the UK, with the GDP release for June, to be the most important announcement coming from the United Kingdom.
